

THE Motor Caravanner

Media Kit 2010

Overview

Motor caravanning is one of New Zealand's fastest growing recreational activities.

If your business targets motorhome owners, caravanners, people interested in the outdoors, or the 50 plus demographic there is no more cost effective way to reach them than through the pages of The Motor Caravanner Magazine.

The growth of motor caravanning mirrors the emergence of Baby Boomers (those

born 1946 to 1964) aged 45 to 71 years and the retirement commission estimates the networth of those 45 + to be \$329 billion. This means they have the disposable income to turn their quest for lifestyle into a reality. The Motor Caravanner Magazine is the ideal vehicle to promote your products and services to this growing and affluent demographic. As passionate motor caravan owners, NZMCA members are keen to read about new products and services that will enhance their lives as well as the enjoyment of their chosen leisure activity.
